Virginia Giuffre's memoir recounts rape by former prime minister; Epstein's ties to Bill Clinton, Trump

'I saw only two possible options: either someone Epstein trafficked me to would kill me or I would take my own life'

Raymond Arroyo: Epstein's survivors are enmeshed in a political operation

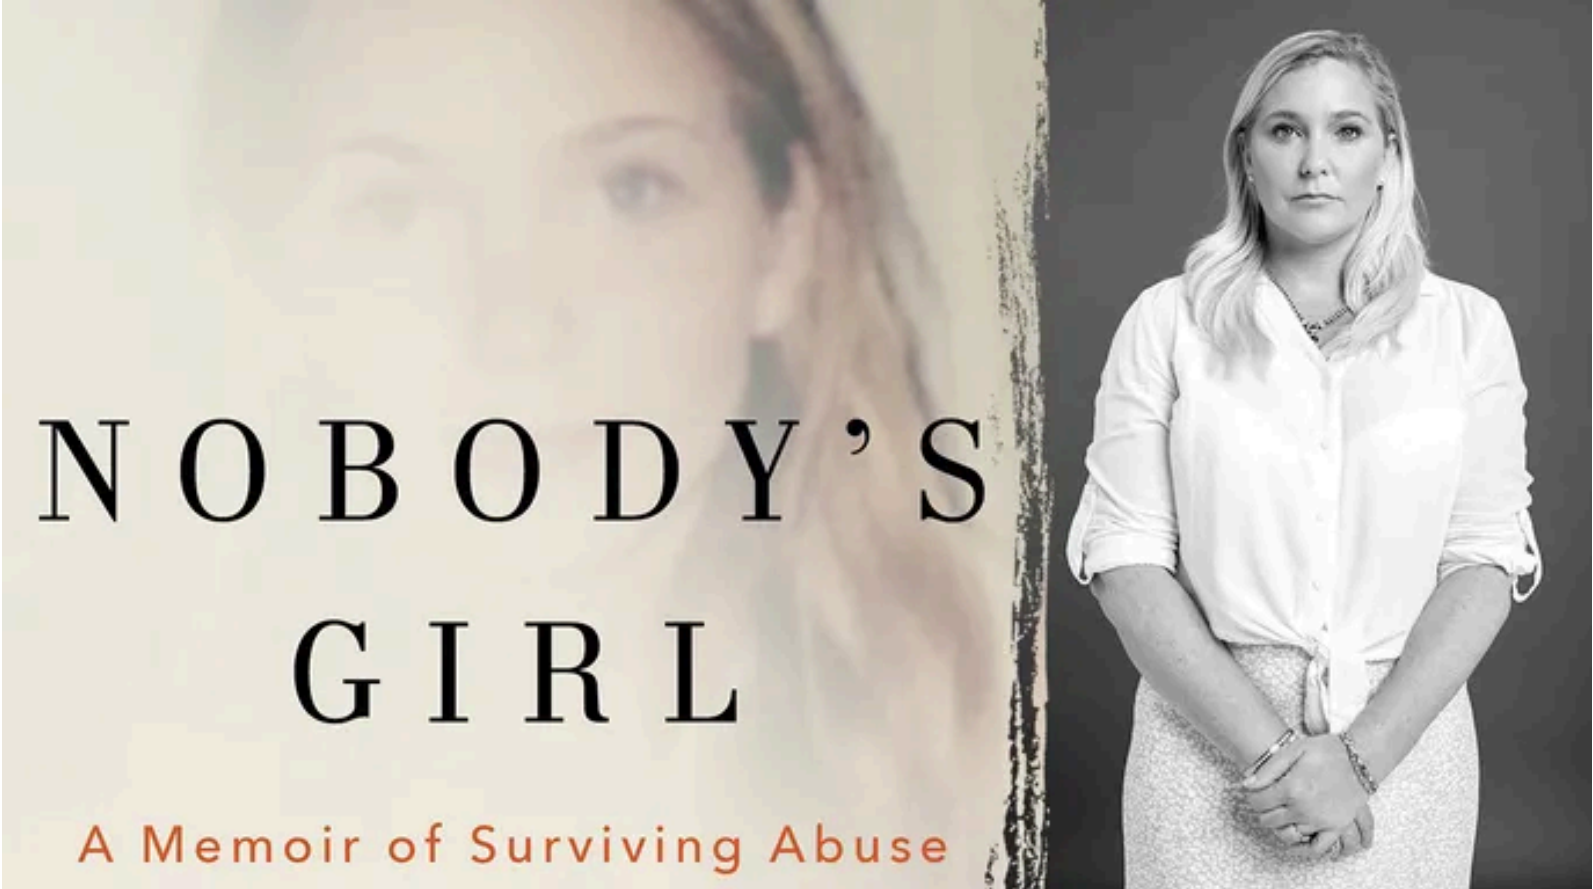

Fox News contributor Raymond Arroyo has a theory on why Democrats want the Epstein files released and explains why nobody should mess with Cardi B on 'The Ingraham Angle.'

In her posthumous memoir, Virginia Giuffre recounts being groomed as a teenager and sexually exploited by Jeffrey Epstein and Ghislaine Maxwell — writing that the abuse included rape by an unnamed prime minister and encounters with powerful men such as former President [Bill Clinton](#) and President Donald Trump.

The book, "Nobody's Girl: A Memoir of Surviving Abuse and Fighting for Justice," was released Tuesday and garnered global attention. While it made no explicit allegations against Clinton or Trump, Giuffre did chronicle meetings with both in contexts not related to Epstein's alleged crimes.

The story Giuffre recounts of how she was sucked into Epstein and Maxwell's high-powered orbit begins when her father helped get her a job at Mar-a-Lago, where he worked as a maintenance worker. Giuffrie's discussions of Trump in the book largely place him as a background figure during her early days at Mar-a-Lago, where she eventually met Maxwell in the summer of 2000.

"It couldn't have been more than a few days before my dad said he wanted to introduce me to Mr. Trump himself. They weren't friends, exactly. But Dad worked hard, and Trump liked that—I'd seen photos of them posing together, shaking hands," Giuffre writes. "Trump couldn't have been friendlier, telling me it was fantastic that I was there. 'Do you like kids?' he asked. 'Do you babysit at all?' He explained that he owned several houses next to the resort that he lent to friends, many of whom had children that needed tending."

Giuffre also recounts how Epstein and Trump's relationship eventually broke down, an explanation for which differs from [the one Trump has publicly provided](#). Giuffre said Trump withdrew Epstein's membership at Mar-a-Lago after hitting the teenage daughter of another guest, but Trump has publicly said that a spat about Epstein coaxing his Mar-a-Lago spa employees was what led to the end of their relationship.

Giuffre, working an entry-level position at the resort's spa, recounted how Maxwell sought to hire her as a masseuse despite her lack of experience. Before she knew it, Giuffre was traveling alongside Epstein and Maxwell around the world performing sexual favors. According to Giuffre, it was difficult to reconcile the fact that her abusers commanded so much respect from such powerful figures.

"This was a man who displayed framed photographs of himself with the Dalai Lama, with the pope, and with members of [the British royal family](#). A photo in his Palm Beach house showed Epstein posing behind the podium of the White House briefing room," Giuffre writes. "This was a man who'd had former president Bill Clinton over for dinner (I was at the table that night) and who'd hosted Al and Tipper Gore as well (again, I was there)."

[PRINCE ANDREW VIEWED SEX WITH TEENAGE VIRGINIA GIUFFRE AS HIS 'BIRTHRIGHT', NEW MEMOIR CLAIMS](#)

"Maxwell was proud of her friendships with famous people, especially men," Giuffre added in the memoir. "[Maxwell] loved to talk about how easily she could get former president Bill Clinton on the phone." According to Giuffre, Epstein and Maxwell visited the [White House](#) together during Clinton's tenure in the Oval Office. In the book, Giuffre also recalled how Clinton flew on Epstein's plane in 2002, but she was not present for that trip.

Bill Clinton was among the high-powered people in disgraced financier Jeffrey Epstein's orbit, according to a new memoir released by Epstein accuser Virginia Giuffre. (Photos by: Alex Kent and Rick Friedman/Getty Images)

"On September 21, Epstein and Maxwell were leaving [New York](#) on an extended trip to Africa. Marcinkova was flying with them on Epstein's Boeing 727, as were several high-profile guests: the actors Chris Tucker and Kevin Spacey and former president Clinton, not to mention six U.S. Secret

Service agents. (Clinton has said the trip was a humanitarian mission that included stops related to the work of his foundation.)" Giuffre wrote.

However, despite naming Clinton in the book about her experience being sex trafficked by Epstein, Giuffre lamented the media's propensity to connect the former president to Epstein's crimes. "Right away, the article noted that I had never been 'lent out' to the former president. But I guess the Mail found it newsworthy simply that I'd witnessed Epstein and Clinton together," she writes.

Among the various trafficking incidents Giuffre talked about in her book, which do directly involve powerful people from Epstein and Maxwell's orbit, was a brutal rape by an unnamed former prime minister on Epstein's private island in the [U.S. Virgin Islands](#) in 2002. According to Giuffre's account of the incident, she was ordered by Epstein to have sex with the prime minister, who choked her nearly to unconsciousness and mocked her fear of the situation. Giuffre said that upon returning to Epstein after the incident, she begged not to be sent back to the prime minister, but Epstein told her the brutality was just part of the job.

According to Giuffre, this horrific incident was a turning point for her.

"Before the Prime Minister's attack, Epstein had me fooled. I thought that Epstein's predilection for childlike girls was a sickness, but that, in his twisted way, he meant well. After the attack, I couldn't stay a fool. Having been treated so brutally and then seeing Epstein's callous reaction to how terrorized I felt, I had to accept that Epstein meted out praise merely as a manipulation to keep me subservient. Epstein cared only about Epstein," Giuffre writes in her memoir. "At that point, I hit bottom. I now knew I wouldn't survive. I saw only two possible options: either someone Epstein trafficked me to would kill me or I would take my own life."

Giuffre would eventually [die by suicide](#) in April, roughly six months before the release of her memoir.

So she doesn't use the PM's name but uses Trump's and Clinton's but says nothing about them. Her father worked at Mar-A-Lago and he got her a job there. But the father had no knowledge of a young daughter flying around the world or to the island. Somethings don't make sense.

She had a very troubled childhood and lived with some other older man in Miami before breaking up at the ripe old age of 16 and her dad got her a job at Maralago. Then the same dad drove her to an interview with Epstien a couple of weeks later.

It does not take a genius to figure out that Epstien was not looking for a professional massage but a professional girl and that for her they money was good. Epstien was a monster, but see was a willing

seller of what he wanted. She worked for him for several years, so one must wonder why she did not

quit?

Yet, she openly states that Trump was not really in the picture much when it came to Epstein. It sounds like her encounters with Trump was at Mar a Lago with her father present and that Trump was nothing but nice and trying to see if she wanted additional employment baby sitting.. I'm sure it will get twisted all out of shape by the left, though.

Why didn't she **NAME** the former prime minister? Why does every attempt to expose these people seem so half-hearted? Even without naming which country the prime Minister was from, how many former Prime Ministers can there be who were around at that time?

Because its mostly lies.
Was she raped....I doubt it. Did she have sex with different men....yes.
She knew what she was doing. She was paid handsomely and old enough to make the decisions she made.

The "me too" movement turned me cynical. Now I dont believe any woman unfortunately.
Decades ago I seen many women falsely accuse men of abuse, serial or otherwise, simply for revenge.
Me too movement took that manipulation main stream and worth millions.

She made bad decisions throughout her life, but the fact is that SHE made them. She was never a prisoner, was never a hostage and was never kidnapped, except by the money she was able to make being a prostitute, that is what captured her. She had the ability to walk away, anytime, every time, but she couldn't because of the money she was being paid. As she grew older she realized that she had made mistakes by accepting money in exchange for her morals. She grew to regret her decisions and sought someone to blame other than herself. I think most of what she wrote is likely fiction, blaming others for her personal failures. We all have choices to make in life, good or bad, and she chose her fate by making bad choices!

So at what age should children be held responsible for their own decisions? 10? 11? 12? 13? 14? 15? 16?
When does coercion stop and conscious decision begin?

There's no, I was used and then locked in a room.
There was no they kept me drugged up.
I didn't like it but I kept getting on the plane.
Really.
It just keeps getting harder to believe with every SNIPPET.

🙄🙄 Trump haters obsessed with the release of this kind of information must be disappointed that there's nothing to see here. In fact he took the high road and disassociated himself from Epstein.

There is no reason for her not to name names. Her defense of Clinton suggests she was a fan and would not have outted him. Was the aggressive prime minister a liberal and similarly protected? Is Prince Andrew the only one of her "customers" she mentions? I feel sorry for her but this all seems disingenuous and selective at best.

She wasn't enslaved. She returned, on her own accord, multiple times. The money was GREAT. Nowadays, need that book money... I'm not saying it wasn't wrong- I'm saying it was not forced

The true crime here is that Obama shielded Epstein from federal prosecution, despite the DOJ having the goods on him since 2008. The media assisted in this, killing story after Epstein story. All to protect Hillary's chances of the Presidency in 2016.
